OUR MISSION

The Lucy Corr Foundation generates support for services and programs that enrich the lives of Lucy Corr Village residents, and participants and their families, and helping to meet the emerging needs of seniors in the community.

OUR VISION

In 2020, the Lucy Corr Foundation and its volunteers will be effective advocates who enhance community awareness of and ensure sustained support for Lucy Corr Village as a premier provider of continuing care retirement housing, programs and services.

*Dear
Friends,*

After completing my first term as Chairman of the Lucy Corr Foundation, I am pleased and astonished at the accomplishments of our foundation. With our new three year strategic plan being finalized this year, we have our direction clearly defined. It is a pleasure to share our successes and accomplishments with you in this 2016 Annual Report. We could not do it without you, our volunteers, patrons, partners, supporters, and the Lucy Corr Village family.

We continue to excel in providing oral health services to LCV residents and the community at-large. As the wife and mother of dentists, I am proud that the Lucy Corr Dental Clinic has expanded its free dental services to the under and uninsured elderly residents of Chesterfield, Richmond, Petersburg, and Colonial Heights with the help of VCU/MCV and several grants. We were especially pleased when our dental clinic coordinator was named to the Virginia Board of Dentistry. Our growth in the area of art therapy for our residents is a rewarding accomplishment made possible by your generosity and the support of our grant partners.

I hope you will review this report and encourage you to remember or honor your friends and family with donations to the Lucy Corr Foundation. Thank you for your continued support in fulfilling our very important mission.

Yours sincerely,

Patty Hanley
Chairman
Lucy Corr Foundation

— dedication —

DENTAL CLINIC VOLUNTEERS

The 2016 Lucy Corr Foundation Annual Report is dedicated to the Lucy Corr Dental Clinic (LCDC) Volunteers who make the accomplishments of the clinic possible. Working with Clinic Coordinator, Dr. Patricia Bonwell, they are generous and unselfish with their time to serve the needs of Lucy Corr residents and the greater community. It is only with their help that the clinic was able to provide more than \$200,000 worth of oral health care to our under and uninsured seniors. Thank You!

Dr. Richard Bates

Dr. David Beam

Dr. William Callery

Dr. Jack Friend, II

Dr. Michael Hanley

Dr. James Glaser

Dr. Kinjal Patel

— grants —

ACECF AWARDS LCF \$40,000

Altria Companies Employee Community Fund awarded the Lucy Corr Foundation (LCF) a \$40,000 grant for a wheelchair van to transport residents of Lucy Corr Village (LCV) to outpatient doctors' appointments.

LCV recognized the unmet need for transportation services for their frail and disabled elderly population when public transportation did not show or took hours to transport the residents round trip to a single doctor's appointment.

The purpose of the van is to provide efficient, dignified and effective care to the residents while being transported. The Dental Clinic will have access to the van to assist with transporting community members who are disabled and have no transportation to the free dental clinic.

DELTA DENTAL GRANT

Recognizing the benefits of efforts of the LCDC, Delta

Dental awarded its first grant to LCDC to assist in expanding the free dental services in 2017 to the community into Petersburg and the tri-cities area. The \$10,000 grant will increase clinic hours and staff time to serve more community members.

ANNABELLA JENKINS FOUNDATION

The Lucy Corr Dental Clinic (LCDC) provided \$206,000 in free dental services in 2016 which was facilitated by a 2015-16 Jenkins grant. The LCF received \$40,000 from the Jenkins Foundation for 2016-17 to expand the work of the LCDC. Five thousand dollars of the funds will be used for LCF Board Development to assist the board in communicating the uniqueness and successes

of the LCDC and other initiatives. A \$2,500 grant from the Virginia Health Care Foundation assisted

the Board in developing a new three year strategic plan, and the Jenkins funds will assist in board development.

GO FUND ME & CHRISTMAS MOTHER

The Lucy Corr Foundation Board was distressed when they learned before Christmas that there are at least 50 residents at Lucy Corr Village (LCV) who have either outlived their loved ones or who lack family support for the holidays.

Dave Saunders, immediate past president of the board, developed a Go Fund Me initiative which raised \$5,000 by more than 69 donors in 12 days. Additionally, The Christmas Mother, Richmond Times

Dispatch and Community Foundation added \$1,000 for gifts and holiday celebrations. Thanks to the Lucy Corr Wellness Coordinators, board members, community members and volunteers, every resident at Lucy Corr received personalized gifts and participated in celebrations including holiday entertainment and a visit by Santa.

ANNUAL GIVING

The Foundation received \$9,360 in private donations in response to its 2016 Annual

Giving Campaign. LCV also established an automatic payroll deduction option this year to make it

easier for employees who wished to donate a portion of their earnings to LCF and a dozen LCV employees participated.

Contributions can be made anytime to GiveRichmond.org to support our mission of supporting Lucy Corr Village in providing a community of care and continuum of services, empowering seniors to experience life enriched with hospitality, wellness and purpose.

LCF RECEIVES \$20,000 GRANT FROM RMHF

Lucy Corr Foundation received a \$20,000 grant

from Richmond Memorial Health Foundation (RMHF) to support the on-going expansion of the Dental Clinic. RMHF invests financial, intellectual and leadership resources through grant making, strategic initiatives and partnerships with nonprofit organizations, foundations, government, businesses and academic institutions to improve health and healthcare. RMHF support has been instrumental in the Lucy Corr Dental Clinic's modernization, expansion and success as a free dental clinic for the under and uninsured geriatric population at Lucy Corr Village (LCV) and in the surrounding community.

WALTER W. AND MARIA TERESA REGIRER FOUNDATION

It is acknowledged by health care providers and the arts that the social determinants of health are important aspects of enriched lives for the vulnerable and disenfranchised geriatric population. With this in mind, the

Walter W. Regirer and Maria Teresa Regirer Foundation awarded a \$15,000 grant to LCF for art and music

therapy for residents. The life-long work of the Regirers' was serving the needs of the elderly and aging. Enriched activities stimulate the minds, strengthen the bodies, and boost the spirits of seniors in long term care, assisted living and in the adult day center. According to Today's Geriatric Medicine, art and music have a wide range of health benefits including psychological and physiological healing and can reduce the depression and anxiety that are often symptomatic of chronic diseases and aging. According to behavioral neurologists at the University of California, "while brains age, creative abilities do not necessarily deteriorate."

ROTARY FUNDS ART PROGRAM

Vice Chair, Danny Smith, attended a Brandermill Rotary meeting to receive a \$500 award for music and art therapy for the LCV residents. This is a reflection of a long term relationship between LCF and Brandermill Rotary. For years, the Brandermill Rotary members have sent long term residents greeting cards for holidays year-round.

— partnerships —

CULTURAL ARTS CENTER OF GLEN ALLEN PARTNERSHIP

LCF is sponsoring art therapy for residents in Long Term Care, Assisted Living, and participants in the Adult

Day Center. The Cultural Arts Center of Glen Allen provides artists and supplies for residents to have programming twice a month. Unrestricted donated funds from LCF provide the financial support. A \$100 donation to LCF provides art therapy to seven residents.

DENTAL CLINIC PARTNERSHIPS

The greater Richmond and Tri-Cities' 65 and over population is projected to increase by 81% in 2020. Estimates indicate that over 50% of adults age 65 and over in the region qualify for Medicare or Medicaid which do not cover dental care. A recent study indicates that only 10% of people over 65 have dental insurance. Lucy Corr Village houses the Dental Clinic at no cost to the Foundation. VCU dental students are supervised by 15 volunteer dentists who serve as External Affiliate Instructors. The LCV Dental Clinic Coordinator, Dr. Patricia Bonwell, supervises a clinic dental assistant, VCU dental hygiene students and dental assistant students from Centura College and Fortis College. She also coordinates 18 community partnerships. The Dental Clinic is supported by grants received by LCF and supported by LCV and serves under and uninsured LCV residents and participants and community members.

— accomplishments —

DENTAL COORDINATOR NAMED TO VIRGINIA BOARD OF DENTISTRY

The Governor's Office announced that Patricia B. Bonwell, RDH, BSDH, MSG, PhD was appointed by Governor Terry McAuliffe as a Board member to the Virginia Board of Dentistry which regulates the practice of dentistry in the Commonwealth of Virginia. Dr. Bonwell is the Clinic Coordinator for the LCV Dental Clinic which provides free dental services to LCV residents and seniors throughout our community.

Dr. Bonwell took her oath and was sworn in by Deputy Secretary of the Commonwealth, Tracy DeShazor, on July 18, 2016. You may send a personal message to Trish at pbonwell@lucycorrvillage.com.

LCF BOARD OF DIRECTORS PLANS FOR NEXT THREE YEARS

The development of the new Strategic Plan for LCF was adopted in September. The Board met in June to review the accomplishments of the previous four years and strategize priorities for the next three years. Interviews with stakeholders were conducted with the desire to focus on the needs of the residents of LCV.

GIVERICHMOND.ORG
GIVE HOPE. GIVE POSSIBILITY. GIVE ACTION

GiveRichmond is sponsored by The Community Foundation, serving Richmond and Central Virginia, and other area funders to encourage charitable giving in the region. The LCF is a participating organization and receives donations via GiveRichmond.org. For a simple solution to giving using direct credit card giving, go to GiveRichmond.org and enter Lucy Corr Foundation to donate.

All nonprofits featured on GiveRichmond are able to tell their story — giving donors a better understanding of the need for their services and their results.
